INNOVATIVE

The innovative solutions to improve your cleaning experience

BATTERY POWERED

Machines are battery powered

MULTI SURFACE

Able to clean all types of floors and carpets

DUPLEX HIGH QUALITY

Reliable and durable

ULTRA COMPACT DESIGN

The machines feature an ultra-compact design which improves the user experience and reduces the weight

ULTRA - ECO

No chemicals needed - the machines clean using steam, requiring just 2.5 liters of water per hour

ECO

Just 5 liters of water per hour required for cleaning

BACTERIA REMOVAL

Duplex Steam machines are certified to remove 99,99% of dangerous bacteria

 340 è la macchina lavante e spazzante di nuova generazione di dimensioni compatte per la pulizia di superfici multiple adatta a spazi di media grandezza/grandi.

 340 is the compact new generation floor cleaning and sweeping machine, suitable for cleaning multiple surfaces in medium-sized/wide spaces.

 340 ist die Kehr- und Reinigungsmaschine der neuesten Generation mit kompakten Ausmaßen. Sie dient der Reinigung von verschiedenen Oberflächen und eignet sich für mittelgroße/große Räume.

 340 es la máquina lavasuelos y barredora de nueva generación y de tamaño compacto para la limpieza de superficies múltiples adecuada a espacios medios/grandes.

 340 est la balayeuse auto-lavante de nouvelle génération aux dimensions compactes, pour le nettoyage de surfaces multiples, adaptée aux espaces de moyenne et grande taille.

 340 é a máquina lavadora e varredora de nova geração com dimensões compactas, para a limpeza de superfícies múltiplas e adaptada para espaços de tamanho médio/grande.

 340 компактная машина нового поколения для мойки и подметания полов, предназначенная для уборки разнообразных поверхностей средних и больших площадей.

IT 340 Steam è la macchina lavante e spazzante di nuova generazione di dimensioni compatte per la pulizia di superfici multiple adatta a spazi di media grandezza. L'utilizzo del vapore incrementa notevolmente il risultato e la rapidità di pulizia ed elimina i batteri senza l'utilizzo di prodotti chimici.

UK 340 Steam is the compact new generation floor cleaning and sweeping machine, suitable for cleaning multiple surfaces in medium-sized spaces. The use of steam remarkably increases cleaning results and swiftness and it removes bacteria without the need of chemicals.

DE 340 Steam ist die Kehr- und Reinigungsmaschine der neuesten Generation mit kompakten Ausmaßen. Sie dient der Reinigung von verschiedenen Oberflächen und eignet sich für mittelgroße Räume. Durch den Einsatz von Dampf wird einerseits das Ergebnis und die Reinigungszeit erheblich verbessert, andererseits werden Bakterien ohne die Verwendung von chemischen Produkten getötet.

ES 340 Steam es la máquina lavasuelos y barredora de nueva generación y de tamaño compacto para la limpieza de superficies múltiples adecuada a espacios medios. El uso del vapor aumenta de manera considerable el éxito y la rapidez de la limpieza y quita las bacterias sin necesidad de usar productos químicos.

FR 340 Steam est la balayeuse auto-lavante de nouvelle génération aux dimensions compactes, pour le nettoyage de surfaces multiples, adaptée aux espaces de taille moyenne. L'utilisation de la vapeur améliore de façon considérable le résultat et la rapidité du nettoyage et supprime les bactéries sans besoin de produits chimiques.

PT 340 Steam é a máquina lavadora e varredora de nova geração com dimensões compactas, para a limpeza de superfícies múltiplas e adaptada para espaços de tamanho médio. A utilização do vapor aumenta consideravelmente o resultado e a rapidez da limpeza elimina as bactérias, sem ser preciso usar produtos químicos.

RU 340 Steam компактная машина нового поколения для мойки и подметания полов, предназначенная для уборки разнообразных поверхностей средних площадей. Использование пара значительно улучшает результат и повышает скорость уборки, а также устраняет бактерии без применения химических средств.
